

Twitter in the Lower School

Our Purpose:

- Foster community connections across grade levels
- Opportunity to educate even youngest students on what social media is and how to be a digital citizen.
- Opportunity to teach the power of words
- Parents will gain information that they could use as conversation starters with their students

Potential Benefits:

- Increase parent participation in class discussions
- Develop connections around the world

How We Use It:

- All teachers will preview twitter content before sharing with students
- We are trying to tweet a minimum of 2x weekly to a maximum 5x weekly
- Our twitter accounts will be private for now
- No student photos will be used
- Beginning with baby steps
